Certificate Information
This certificate is intended for the following purpose(s):
•Ensures software came from software publisher •Protects software from alteration after publication
* Refer to the certification authority's statement for details.
Issued to: Toshiba Corporation
Issued by: VeriSign Class 3 Code Signing 2009-2 CA
Valid from 1/18/2010 to 1/19/2011
Install Certificate
Ск

Click "OK" one more time on the next window. Click the "Run" button to begin the extraction.

9 Insert a blank USB Thumb Drive into the PC USB slot.

PLEASE NOTE: Not all USB Thumb drives will work for Firmware Upgrading. The USB Thumb Drive should be formatted as a "FAT" or "FAT16" file system and NOT "FAT32". If the Firmware Upgrade does not work try a different USB Thumb Drive.

10 Copy the extracted downloaded upgrade file(s) including directories if present to the blank USB Thumb Drive. Now follow the instructions in the Installation Instruction.

PLEASE NOTE: This firmware is only for use with the Toshiba model downloaded. Do not use this firmware in any other Toshiba model or any other product. Any such use may cause damage to the device and/or attached equipment.
